The Workshop

Chinese face reading can be used to identify signs of Qi, evaluate Shen (Spirit) and recognise markers for specific diseases. This makes it a useful assessment and diagnostic tool for practitioners of every therapeutic discipline.

In this interactive workshop students will learn how to read signs on the face indicative of and important to our state of health - emotional, psychological, spiritual and physical. There will be discussion about the causes of Aging and the possibility of Facial Rejuvenation. Like the Pulse and Tongue the Face can be used in Practice as a valuable diagnostic tool and as an adjunct to other techniques.

The Workshop will be presented as a Two day introductory course and a One day advanced course as follows:

Two Day Introductory

Day One:

Fundamentals of Face Reading

The Facial Map

The Yin/Yang of the Face

Facial Geometry

Five Element Features

*Institute of East West
Medical Sciences*

Day Two:

Facial Diagnosis – The Body’s Blueprint

Signs of Essence and Qi on the Face

Emotional/Psychological Disturbances

Psychological and Emotional Underlay of Disease

Facial Rejuvenation

Advanced - Day Three

This will be focused on the practical application of the Face Reading and Facial Diagnosis techniques described in the introductory workshop to help practitioners integrate the ideas into their practice. She will also introduce the concepts of Five Element Living and Medical Feng Shui
